Note from the Clerk's Office:

The Clerk's Office successfully conducted four Council Meetings in the month of August.

Cindy Pemberton and Virginia Jones attended the AMCA Elections Training Part II on August 11th and Part III on August 18th.

Deputy Clerk Virginia Jones is actively assessing and revamping records for agreements and contracts for the Town of Camp Verde. This project will help to solidify a more appropriate maintenance on records.

Cindy Pemberton, Town Clerk

August 2021

Monthly Report

The Economic Development Department stayed busy during the month of August with the following projects and initiatives:

- **Miscellaneous Projects**
 - We met with CBM Marketing to finalize our Digital Marketing contract.
 - We met with three restauranteurs regarding the use of our commercial kitchen, as well as the Parks and Rec Dept to determine a path forward regarding the kitchen use.
 - We met with the Economic Policy Institute of Northern Arizona University to discuss the possibility of them doing an economic impact study relative to the EDA grant for the SR260 sewer line. We also had a separate meeting with the EPI to tour them around Camp Verde and show them the importance of the sewer line.
 - Met with staff at Yavapai College's Verde Valley campus relative to a potential incubator/accelerator project and determined next steps moving forward.
 - Met with ADOT relative to their work on the I-17 bridges and discussed the possibility of them utilizing Parson's Park for a staging area in exchange for them helping clear that area for a future access road and parking lot.
 - Met with John Haass and Russ Yelton relative to the possibility of partnering on a business accelerator/incubator.
 - We advertised for the Economic Development Specialist position and hope to have the position filled by early October
 - We applied for membership in the Economic Collaborative of Northern Arizona

- Trails and Open Spaces
 - We worked with Public Works to draft a Statement of Qualifications and coordinate with AAA permitted archaeology firms to secure a contractor for the archaeology monitoring on the Sports Complex.
 - We worked with Arizona State Parks and Trails to finalize the requirements for the Land and Water Conservation Fund grant for the Sports Complex.
 - Continued to work on the Verde Valley Trail Fund's non-profit status and set-up .
 - We signed the final grant paperwork with Arizona State Parks and Trails relative to the Trail Guide Grant.

- Meetings, Trainings, and Community Engagement
 - We met with library staff to discuss their STEAM grant and possible sectors/employers that may be good additions for their project.
 - Steve presented at Local First Arizona's Rural Policy Forum relative to the Verde Grown project.
 - We met with Yavapai County to discuss the broadband project that they have developed and are planning to initiate across the county.
 - We met with the Sedona Verde Valley Tourism Council to explore potential grant opportunities regarding the tourism industry.
 - Jessica attended an AAED and IEDC training on Entrepreneurship and Small Business Development.
 - We attended the Arizona League of Cities and Towns in Phoenix.

- Business Attraction/Retention
 - We met with local business owners/representatives to discuss how they might get more involved with the Town and how to enhance their corporate social responsibility with regard to Camp Verde.
 - We had a follow-up meeting with the owners of the Valley View property and introduced them to a local restaurateur about the possibility of placing a business in that location.
 - We met with several developers to further our efforts in business attraction, but are unable to divulge details due to the confidentiality of these ventures.
 - We met with local businesses regarding marketing opportunities and promotional opportunities for their business.
 - We signed the final grant paperwork for our USDA Workforce/Internship program and started working on an MOU between the Town of Camp Verde, the City of Sedona, and the City of Cottonwood. This grant project is slated to begin October 1, 2021.

CAMP VERDE MARSHAL'S OFFICE Monthly Report August 2021

Patrol:

- 1st – SRO Deputy Handis returned to the school for his duties. During the first two weeks of the month, extra traffic control / enforcement was conducted in the school zones. For this, the Department's Speed / Radar trailers were used to slow traffic down.
- 6th & 20th – CVMO Deputies conducted GOHS DUI & Traffic Enforcement along State Route 260 focusing on locating Speeding / Intoxicated drivers.
- 18th – Officers Jeff Bowers and Josh Collins were sworn in as “New” Sergeants in front of Town Counsel.
- 26th – Department All-Hands Meeting with the Mayor. Sgt. Steve McClure's last day and going away ceremony.

Administration: / Trainings

- Deputy Cody (Ty) Wantland received an award from MADD for his DUI Enforcements for the year.
- Sergeant John (Justin) Reay participated in two-weeks of Firearms training to become a certified instructor.
- Detective Dustin Richardson and Deputy Cody (Ty) Wantland attended the Annual Governor's Office Highway Safety Summit in Phoenix.
- Lieutenant Stephen Butler attended the FBI-LEEDA Command Leadership Training in Peoria, completing the TRIOLGY Series of Leadership training.
- Dispatch Supervisor Debbie Hughes attended a week-long Association of Public Safety Communications Officials Annual Conference in San Antonio Texas
- Dispatchers Lana Stine and Cyntina Harvey received their Communications Training Officer Certification.
- VIPs contributed with 217 hours of service for the month

New Hires:

- Sarah Scupp-Teague and Cody Fant as Dispatchers
- Susan Wason transferred to Property / Evidence Custodian from Dispatcher

Public Works Monthly Report

August, 2021

Engineering: Ron, Troy, & Dorie

- Created Various Work Orders for All Town Departments
- Processed Public Works payables
- Department Head meeting
- Commercial Project's; Plan Review and Comments to Com-Dev.
- State Rt. Hwy 260 Northbound Sewer progress meeting
- Chip-Seal Project out to bid.
- Council Awarded contract to Asphalt Paving & Supply
- Sunstate -IT collaboration meeting

Streets Division:

- Trim trees
- Work orders
- Haul millings to the new park
- Make perimeter road at the new park
- Clean retention pond on sewer plant road
- Plate roads by Olive drive, commerce ln
- Mow various roads around town
- Grade Old 279
- Place cold mix on Old 279
- Haul UPM from phoenix to streets yard

- Spray weeds around town
- Put cold mix on the sewer plant road
- Seal coat cliffs PKWY
- Seal coat Hollomon
- Seal coat town parking lot in front of Town Hall
- Do repairs to dump trucks
- Do maintenance on various pieces of equipment

Parks and Recreation:

- August continued to see increases in P&R programs as we move out of the COVID pandemic.
- Yoga and Qi Gong, classes continued with a 10-participant max. Pickleball is back in full swing and very happy to be able to play inside again. Zumba Gold is scheduled to start in September.
- Thanks to a grant written by Angi Grubbs we were awarded a \$6,294 grant to purchase and install 8 park benches around the perimeter loop trail at the Sports Complex. The 8 benches were ordered and the Old Guys are scheduled to install them once they arrive.
- Staff has continued to plan for the fast-approaching 65th annual Ft. Verde Days. The theme for this year will be Desert Life. The Grand Marshals will be Richard and Brenda Hauser. Applications are available for parade applicants. There are already about 50 vendors registered for the event. Staff was also made aware that the Carnival we have used in the past is facing some legal issues that prevents us from being able to use them this year, so we have been working fervently to find another carnival or coming up with a plan B if we cannot secure a carnival for the event. Staff will also be running the Little Britches/Little Petticoats competition this year in conjunction with the Colonel's Daughter contest at Ft. Verde. We have received \$5,000 in sponsorships this year from Yavapai College, SRP, and Larry Green Chevrolet.
- Staff has begun the planning for our annual Trunk or Treat on Main event scheduled for Sunday, Oct. 31 this year. We are looking for donations and sponsors, as well as participants to hand out candy.
- Staff attended a variety of virtual Forums including tournaments, aquatics, and special events through APRA this month to stay up on what is going on with other P&R Departments around the State. All P&R staff is registered to attend the APRA Conference in November.
- Scheduled facility uses this month were as follows: Meeting rooms had 47 uses, Ramadas were at 26 uses, Gym had 43 uses, Sports fields up to 74 uses, kitchen 10 uses, PW Conference room 14.
- The Pool went to an extended at the beginning of the month. The pool was able to remain open for lap swim, Aqua Zumba, and water aerobics on weekday mornings and a few evenings as well. Open swim hours and private pool parties were available on the weekends. Staffing was a bigger problem this summer than in year's past due to the large number of high school students we employed that were unable to work once school started.

The pool officially closed Sept. 4th for the season. The new heater is scheduled to be installed in the off-season, hopefully in September.

- Staff continues to work with Ron Long on plans for the Sports Complex and purchased 2 medium and one large set of bleachers. Staff attended two different meetings through Arizona State Parks regarding the Heritage Grant funds and will be working on applying for grant funds for additional amenities at the Sports Complex.
- Staff has begun planning for 1st-4th grade Grasshopper basketball. Registration opened August 20th and will run through Oct. 1.
- Our adult softball league began playing games mid-July. We have 10 teams playing this year. The regular season ended and the playoffs began at the beginning of September.
- Parks and Recreation will be partnering with 607 Sports to offer an adult men's basketball league this fall. Games will begin mid-October and will be played on Wed. and Fri. evenings in the Community Center Gym.
- Staff completed the process of moving offices and desks around for the new Parks and Rec office arrangement.

Wastewater Plant:

- Tasked with 59 Blue Stakes for the month.
- Received 12 call outs for plant alarms
- Received 256,268 gallons of septage from septage haulers this month
- Average Effluent flow for this month = 226,485 gallon per day.
- Chlorine contact chambers in place, Installation 98% complete. We have received the Chlorinator and De-Chlorinator. To be installed after we have the canopy to cover these items. Waiting on Design. We are looking into Monitoring Chlorine Break Point to assure it is meet.
- Verde RV Park Lift Station is 100% completed. Working on getting APS for final power. We have approval from APS. Should have Power soon.
- Inspecting the new piping and Manholes at the Verde Ranch Storage, Verde Ranch Phase 1 B, Industrial Drive.
- Continued working on Reclaimed Water Sales Policy.
- Main Street pumps ran for 322.2 Hours, Lift Station #2 = 818 minutes, 57,260 gallons / 30 days = 1,847 gallons per day Average.
- Truck Fill Station Work in Progress should be finished in Mid-September.
- Continue mosquito abatement for the season.
- Working on (FOG) Fats, Oils and Grease Policy
- MB Construction on site installing piping to the new park pond and EFF line to park. 98% Done
- Fence repair work has been done that was blown over in July.
- Continue meeting with Rick Engineering on NB Sewer Project.
- Entire crew went to RWAA Conference in Prescott.

- Had onsite inspection with ADEQ.

Maintenance Division:

- Work orders for all Town Departments.
- Wastewater Office Flooding clean up
- Tree/bush pruning and cleaning up of Main Street and sidewalks.
- Started the Sidewalk restoration project.
- Jury Trial set up for Court.
- Additional pool cleanings for booked parties.
- Early preparation and planning with Parks and Rec for upcoming Fort Verde Days event.
- Enterprise meeting
- Key requests for new employee's

Administrative Office of the Courts Director David K. Byers Earns National Award

PHOENIX – Dave Byers, Director of Arizona’s Administrative Office of the Courts, received the Kenneth R. Palmer Distinguished Service Award from the Conference of State Court Administrators. The biennial award recognizes a state court administrator who has demonstrated extraordinary leadership and excellence in judicial administration. To be considered, a current or former administrator must significantly advance one or more of the organization’s core purposes:

- Developing public trust and confidence in the judicial system
- Supporting access to justice and fairness in the courts
- Contributing to the effective and efficient administration of justice
- Defending the independence of court as a neutral forum for the peaceable resolution of disputes
- Promoting the judiciary as a co-equal, co-reliant, and accountable branch of government.

The award was named after Kenneth R. Palmer who served as Florida’s state court administrator. Twenty years ago, Palmer became ill while president-elect of the organization. He successfully

lobbied Dave Byers to begin his term as president early in Palmer's place. Following Palmer's death later that year, Director Byers recommended the award be established in Palmer's name.

Director Byers was nominated by Arizona Supreme Court Chief Justice Robert Brutinel and Robert J. Torres, former Chief Justice and current Justice of the Supreme Court of Guam. Thirteen current and former Arizona Supreme Court justices who worked with Director Byers signed on to the nomination. A simultaneous nomination was submitted by 17 past presidents of the Conference of State Court Administrators.

On receiving the award, Director Byers stated, "It is an honor to receive this award and even more meaningful given that the award was created on my recommendation 21 years ago following the passing of Ken Palmer. Ken was a colleague and good friend. I never envisioned that I would become a recipient 21 years later."

Director Byers has worked in the Administrative Office of the Courts (AOC) for more than 40 years, serving as Director for nearly 30 years. He has served with ten chief justices, is the longest-serving AOC Director in Arizona's 109 years of statehood, and is currently the longest-serving state court director in the nation.

Arizona Supreme Court Eliminates Peremptory Strikes of Jurors

PHOENIX – The Arizona Supreme Court adopted court rule changes eliminating the practice of exercising peremptory strikes—the removal of potential jurors without cause to believe the juror could not fairly and impartially sit on a jury. Each side in a criminal or civil case has commonly used an allowed number of peremptory strikes to remove jurors who may not favor that side’s position. Arizona will become the first state court in the nation to eliminate the practice. The rule changes go into effect on January 1, 2022 and apply to civil and criminal jury trials. The decision comes after more than a year of temporary restrictions on peremptory challenges to jurors put in place during the pandemic, and after significant public comment on the proposal.

Trial and appellate judges, prosecutors, defense counsel, litigation attorneys, supreme court committees, and the public submitted comments on different approaches for rules governing peremptory juror challenges in Arizona’s state courts. For decades, federal and state courts have attempted to eliminate unlawful discrimination in the jury selection process on the basis of race, gender, and other improper classifications. The Court’s Committee on Diversity, Equality, and Justice and The Task Force on Jury Data Collection, Practices, and Procedures continue to actively consider additional recommendations for improving the jury system in Arizona.

The Arizona Supreme Court’s Strategic Agenda calls for maintaining a jury system that promotes participation, fairness, and the oversight to ensure that only impartial jurors are seated on juries. The court considered competing rule proposals to address the problem but was ultimately persuaded that the most effective, fair, and efficient procedure was to completely eliminate peremptory strikes, while focusing on sharpening the process for removing potential jurors for cause, such as conflicts of interest or personal biases that prevent impartiality.

In announcing the change, Chief Justice Robert Brutinel stated, “The Court considered the vigorous debate over the best approach to jury service and trial management. All of the petitions and comments had the goal of improving our justice system, and the Court respects the importance of lawyers choosing the best possible jury to hear their client’s case. The Court’s rule changes are consistent with Arizona’s long history of pioneering jury system improvements, such as allowing jurors to take notes and to ask questions during trial. Eliminating peremptory strikes of jurors will reduce the opportunity for misuse of the jury selection process and will improve jury participation and fairness.”

By eliminating peremptory juror strikes, trial judges will need to ensure that litigators have time to develop and make appropriate arguments for removing jurors for cause. The Administrative Office of the Courts will develop training for judges on trial management to successfully implement the changes. Although a small percentage of cases proceed to a jury trial, the superior court in Arizona alone conducts approximately 600 criminal jury trials each year.

MEMORANDUM

TO: Russ Martin, Town Manager
FROM: Kathy Hellman, Library Director
SUBJECT: Monthly Report August 2021
DATE: 9/9/2021
CC: Department Heads, Town Council

Report from the Library Director: It is my privilege to introduce and welcome Nicole Metz-Andrews, our new AmeriCorps VISTA Library team member. Arriving in AZ from Omaha, Nebraska, Nicole started on August 16th and will be here for a year to assist the library and the town with a variety of projects. With a Bachelor of Arts in History, minoring in Native American Anthropology and Multicultural Anthropology, she is currently working on her Masters in Library & Information Science. Nicole is taking on the role of Volunteer Coordinator for the library, and is working with HR to formalize the library's volunteer program. Her goal is to revitalize the volunteer program, identify a variety of new volunteer opportunities, and help us attract people to volunteer positions to build capacity through volunteers. In addition, she is addressing issues such as overcoming the digital divide and increasing the accessibility of library services to low-income households in the community. Nicole has already made herself invaluable to us, using her energy and intelligence to pitch in and help out whenever and wherever she can. We are extremely fortunate and grateful to have her. If you haven't had a chance to meet Nicole, please stop by her desk at the library on the 2nd floor, just outside the Book Nook.

A giant **THANK YOU** to Ray Floyd for transporting our Mobile STEM Lab to Auto Trim Plus in Prescott and back again. Ray is a lifesaver as we look for a permanent vehicle

to use to pull the STEM Lab. We are so excited to be moving forward with this project! Right now it's being refurbished with solar, AC, electrical wiring, LED lighting, etc. Then we will begin setting up the inside as a STEM+(A) Lab! Special thanks also to Kelly Malcolm owner of Go West Design Co for the amazing job she did designing the wrap!

Report from Adult Services: Carson applied for a poster exhibit grant through the American Library Association. As a result, Camp Verde Community Library is excited to announce its participation in a 9/11 Memorial & Museum's Education Exhibit: *September 11, 2001: The Day That Changed the World*. The exhibit presents the history of 9/11, its origins, and its ongoing implications through the personal stories of those who witnessed and survived the attacks. Told across 14 posters, displayed in the library's first-floor exhibit space during the month of September, this exhibition includes archival photographs and images of artifacts from the Museum's permanent collection. It explores the consequences of terrorism on individual lives and communities at the local, national, and international levels, and encourages critical thinking about the legacies of 9/11.

Twenty years after the attacks, with terrorism still a threat today, the events of 9/11 and its aftermath remind us that we may never be able to prevent all the actions of people intent on harming others, but we do have control over how we respond to such events. Whether by volunteering in our local communities, serving our nation in the military, caring for the sick, or through other efforts, all of us can help build the world in which we want to live. As we witness history unfolding in our own time, the ways we choose to respond—both large and small—can demonstrate the best of human nature after even the worst of days.

"During this 20th anniversary year, it is our privilege to share these lessons with a new generation, teach them about the ongoing repercussions of the 9/11 attacks and inspire them with the idea that, even in the darkest of times, we can come together, support one another and find the strength to renew and rebuild," said 9/11 Memorial & Museum President and CEO Alice M. Greenwald.

The poster exhibition, on display at the library through the end of September, was developed by the 9/11 Memorial & Museum and has been made possible in part by the National Endowment for the Humanities: Democracy Demands Wisdom. Any views, findings, conclusions, or recommendations expressed in this exhibition do not necessarily represent those of the National endowment for Humanities.

Report from the Children's Library: August was an exciting time for the Children's Area! With Jaye's help STEM+(A) Kits were made available for checkout to families in the community. Each kit was highlighted on Facebook and in the Children's Library on Mondays and Thursdays which increased checkouts as families help us spread the word. Afternoons were busy with children coming after school to do their homework or meet with their parents during a supervised visit. The bulletin board and walls are decorated with positive affirmations such as "This is your year to...Believe in Yourself, Dream Big, Never Give Up," etc. Families find them inspiring and fun

to read. I ordered the latest popular Graphic Novels, Jaye cataloged them, and they have been flying off the shelves as children enjoy their favorite characters. A shout out to Ms. Janell, who is skilled in mending books extending their life and saving the library money. She was able to mend a Dora book that is no longer in print, is popular, and now a treasure! She goes the extra mile to make it possible.

Of Note: the Children's Library hosted 26 Supervised Visits in August for a total of 95 in attendance at these visits.

Report from Tech Services: Not everything that is "checked out" from the library has to be cataloged. Did you know you can stream movies free with your CVCL Library card at <https://campverde.kanopy.com/>? Recently Kanopy curated a collection of films that deal with the tenuous situation in Afghanistan. Once you create an account with your CVCL Library card and PIN, type Afghanistan in the search field to a list of movies like these:

- [Jirga](#) (2018) - Official Selection at the Toronto International Film Festival.*
- [A War](#) (2016) - Nominated for Best Foreign Language Film at the Academy Awards.
- [The Kill Team](#) (2019) - Official Selection of the Tribeca Film Festival.*
- [The Kill Team: Examining the Moral Dilemmas Faced by Soldiers](#) (2013) - Winner of Best Documentary Feature at the Tribeca Film Festival.*
- [Camp Victory, Afghanistan](#) (2010) - SXSW Film Festival Grand Jury Award winner. *
- [No Greater Love: The First Documentary Directed by an Active Duty Soldier in Combat](#) (2015) - Winner of Best Documentary at the Boston Film Festival and the San Diego Film Festival.*
- [The Hornet's Nest: Two Journalists Follow US Troops in Afghanistan](#) (2013)
- [Afghan Star: Following the Contestants of a Pop Music Competition in Afghanistan](#) (2009) - Winner of Directing and Audience Awards in the World Documentary competition at the Sundance Film Festival.
- [Armadillo](#) (2010) - Critics Week Grand Prize winner at Cannes.

Report from the Teen Library: August was slightly hectic with scheduling, but school is back in full swing. Unfortunately, the Youth Advisory Council was not able to attend this year's League of Cities and Towns Youth Conference, but we have gained a new member, and have leads on more. Game Nite attendance hovers between 5 and 10 kids, which is wonderful. That's 5-10 more kids than we had a year ago! We are working to find a good timeslot for Books and Coffee since school started back up and are planning a "bonfire" at Rezzonico Park in September. I am working with Yavapai Broadcasting on a video project highlighting STEM in the Verde Valley. The goal will be to create thirteen episodes, each thirty minutes long, showing how science, technology, engineering, art, and math is used day to day in different industries. The end result will be a collection of virtual career day offerings for young people and people in career transition to explore potential career and education paths.

Report from the PC Helpdesk: Kudos to Lisa for helping a patron learn to use his brand new Android phone! Lisa showed him how to set up the different applications, settings, features, and downloads. She also showed him how to connect to web pages. Afterward, she let him know that if he needed help with anything else on his new Android to come back and see us again. The reason she deserves extra Kudos is because *her* primary phone is an iPhone!

To really keep up with what is going on at the library, don't forget to follow us on Facebook at:
<https://www.facebook.com/campverdelibrary>

This Week @CVCL 08/01/2021

Did you know...

Even though the Summer Reading Program is over and kids are starting back to school, the library still has access to weekly episodes of Checkers Library TV. Each show features a different animal habitat and related books in keeping with the SRP Theme: Tales and Tails. The wonderful thing about these Checkers Library TV episodes is that they are not hosted on Youtube and are safe for your children to watch without opening up the door to videos you don't want them to see.

Checkers TV is a weekly educational entertainment program featuring Checkers the Inventor, his robot sidekick, Snoozer, and a variety of special visitors including medical professionals, community leaders, police and firemen and women, and other special guests in 30-minute episodes. Each weekly episode also includes segments featuring storytelling, author interviews, art projects, science experiments, interactive games, contests, comedy, magic, and exciting short films that will have children on the edge of their seats.

Go to the [Kid's & Family Library](#) page and click on the Reading Road Trip to access each week's episode. Questions? Call Letty at 928-554-8397.

Sew Fun Friday, August 6 at 1:00p

Are you interested in learning how to sew? Are you curious? Creative? Imaginative? Are you intrigued by fabric arts with so many varieties of textures, colors, and possibilities? Sew Fun Friday with Sandra begins August 6 at 1:00p and continues twice a month at the same time. Bring your curiosity, creativity, imagination, and talent to the library to experience an introduction to sewing.

Registration is encouraged, but not required. You may register at <https://yavapai.events/events/sew-fun-friday-8>. The library has 8 sewing machines, fabric, and other supplies for you to use as you explore this creative medium that dates back centuries. Questions? Call 928-554-8391.

Music in the Stacks - the Original

Thursday, August 12th at 5:30p in the library's Fireside Room: a showcase of local and national musicians who entertain regularly in Northern Arizona. This week's concert features the following talented local musicians: Jo Berger, Michael Kollwitz, and Chris Brown.

Singer-songwriter, Jo Berger grew up in Colorado with a strong love for the land. Learning guitar and flute, she loved the old-time music of the West and the folk music of the 60s. She was introduced to the wonderful melodies and lyrics of jazz which continues to shape much of her original music. Jo sings quite a wide variety of tunes including originals, folk, blues, jazz standards, Latin, and old-time country music.

Michael Kollwitz is an award-winning Billboard artist and one of the pioneer players of a revolutionary stringed instrument known as The Chapman Stick®. Capable of astounding expressiveness and simultaneous multi-part arrangements, 'The Stick' combines elements of guitar, bass, keyboards, and percussion all into one instrument that is played more like a piano than a guitar. Michael has had 27 independent releases. His last three albums, 'Serenity II' 'Serenity III' and 'Santa Plays The Stick' have all charted as Top 10 albums on Billboard's New Age Album charts. His music has received international

airplay, awards, nominations, and rave reviews. His music is played on numerous airlines and in hundreds of U.S. hospitals on The CARE Channel.

Chris Brown is a talented singer-songwriter and has played music from Seattle to Bisbee AZ, and lots of places in between. He has three CDs to his credit, and plays both 6 and 12-string guitars.

Questions? Call Carson at 928-554-8391.

Coming Next Week

Free Monthly Health Lecture August 12

Join Dr. Dianna Mendoza from Casner Mountain Healing Center on **Thursday, August 12th from 10:00a- 12:00p** for an informative lecture about diabetes.

Dr. Mendoza will talk about how to cure certain types of diabetes naturally. This lecture will look at some of the misconceptions of diabetes. Specifically, debunking the idea that a diabetes diagnosis means a disease you will have for the rest of your life. Dr. Mendoza will show you step-by-step how to cure diabetes naturally and how to place yourself in the most important seat of all – the driver's seat. You will learn about

- how your diet matters
- how the types of food you eat matter to you
- the glycemic index
- an actual daily diet you can follow that will turn your HgA1c completely around
- how you can bring your sugars down over the course of mere days and not be reliant on medications anymore.

Come join Dr. Mendoza for a life-altering lecture on how to cure your diabetes naturally!

Are You a Caregiver for Someone? Does someone you love have a hard time reading print material?

Join us **Tuesday, August 18 at 10:00a** via Zoom or in-person to learn how the **Arizona Talking Book Library** can help you. Find out how to access the many resources provided free by the Talking Book program.

Who does the Talking Book Library Serve?

- Arizona residents with low vision, making it difficult to read standard print
- Those who find it hard to hold or handle a print book
- Individuals who have a reading disability resulting from organic dysfunction

What does the Talking Book Library Provide?

- Lending Library: including audiobooks and magazines; movies with audio descriptions, and Braille books and magazines by postage-free mail
- Loan of special equipment to play audiobooks
- Audio and Braille book downloads
- Access to NFB-NEWSLINE and over 300 newspapers and magazines by phone and online

Attend this informational hour and learn how to request books and more for someone you are caring for.

Questions about the program? Call Carson at 928-554-8391

Ongoing @CVCL

Update on the Library's COVID Response from the Library Director

Face coverings remain optional to enter and use the library. We are fortunate to live in a community of people who exercise common sense. Please continue to use that good sense coupled with respect for others as we move through the next few months.

We believe it is your responsibility to monitor your own health and safety and, while doing so, remain sensitive (and kind) to those around you. With that in mind, please observe the following guidelines:

Stay Home - As much as we love to see you here, exercise respect for others and DO NOT enter the Library if you

- feel sick
- have a fever and/or cough
- are experiencing cold, flu, covid, sore throat, or other symptoms
- are uncomfortable interacting with people in public places

Come on in - We are happy to have you here and trust that together we can take these extra precautions to help all of us through the season of airborne viruses

- **We ask you** to continue to practice good hygiene and frequent handwashing.
- **We will** continue to sanitize high use areas, touchpoints, and library materials
- **We ask you** to practice physical distancing, respecting our and others' personal space
- **We will** step out of our offices and shielded areas to interact with you instead of inviting you in
- **We ask you** to wear a mask if it makes you feel more comfortable
- **We will don** a mask before interacting with you to show respect when we see you wearing one

Lastly, **be prepared to be asked to wear a mask** if we observe you coughing, sneezing, or sniffing.

Failure to comply with requests from library staff is a violation of Library Policy and may result in loss of Library privileges. Please contact me if you have any questions or comments about this update or if you have special needs that we can assist with during this time.

Kathy D Hellman | kathy.hellman@campverde.az.gov | 928-554-8381

STEM + (A) Kit Presentations

The Children's Library is pleased to be the recipient of several grants and a partnership with Science Vortex that will increase hands-on STEM activities in Camp Verde. The first of those opportunities is the addition of STEM Kits that parents and teachers can check out and use to enhance children's understanding of science, technology, engineering, math, and art subjects. Ms. Letty will demonstrate the use and contents of one kit at a time on **Mondays and Thursdays at 4:00p**. Then the kit will be on display in the Children's Library for a few days so that families can try it out.

The following STEM kits have been added to the Children's Library (for details, click on the link for the kit below):

- [BioBlitz](#)
- [Bird Watching](#)
- [Magnets](#)
- [Music](#)
- [Chemistry Lab](#)
- [Math Patterns](#)
- [Engineering](#)
- [Young Builders](#)
- [Microscopic Adventures](#)

- [Electrical Circuits](#)
- [Arts & Crafts](#)
- [Intro to Coding & Technology](#)

Questions about this or any other children's program? Contact Ms. Letty at 928-554-8397.

Free Monthly Health Lecture August 12

Come join Dr. Mendoza for a life-altering lecture on how to cure your diabetes naturally!

Flowers for Dewey: Goodbye Ceremony Saturday, 08/14 at 10:00a

Many people loved and enjoyed Dewey, the Library's very special bearded dragon. Dewey passed away on July 26. It is time for us to bury him with a small ceremony under "Dewey's Tree" a particular desert willow on the east side of the library where we always dumped his bathwater.

Dewey joined us during the 2014 Summer Reading Program and has brightened our days for seven years. A heartfelt thank you to those of you who loved Dewey and made his life so special. Because of you, Dewey had a wonderful life. He was the most pampered and best-loved bearded dragon on the planet! He is missed by many. Please join us on the back patio for a special ceremony to say goodbye to Dewey. Pictures and cards are welcome!

Music in the Stacks - Special Concert Series

Thursday, August 26 from 5:30-7:00p in the Library's 2nd-floor Fireside Room

August's concert features artist Ryan Biter. Ryan was raised and currently resides in Flagstaff at 7000 feet in elevation. His music echoes the expansive soul of The Southwest. The sound is equal parts rural Americana, spectacled college town hipster, mountain bluegrass, and new age funk beatbox drum circle. It feels like your favorite pair of jeans; utterly unique, yet enjoyably familiar.

Armed with expertly crafted songs, percussive guitar playing, and an affinity for beatboxing and loop pedals, Biter delivers a concert that is commanding yet intimate. He has a unique way of making a coffee shop feel like a concert hall and a club feel like an intimate house show.

Ryan can be found sharing his music with audiences all around the country. He was the 2013 winner of Northern Arizona's Got Talent, and his music has been featured on National and Internationally syndicated radio stations. Ryan has also shared the stage with the Nitty Gritty Dirt Band and was a featured performer at the 2019 Dripping Springs Songwriters Festival.

Children's Library Sponsors Weekly STEM+(A) Hour

Do you have kids or grandkids ages 8-12 who like to tinker, explore, discover, or create? Starting after school at **4:00p on Wednesday, September 1** Ms. Letty will be joined by Ms. Laurie from Science Vortex to bring science, technology, engineering, art, and math hands-on activities Each week will feature a new hands-on, interactive program designed to engage children in a creative learning environment that stimulates critical thinking and problem-solving skills. For details or questions, call Ms. Letty at 928-554-8397.

The Weekly STEM+(A) Hour is made possible through a Library Services and Technology Act (LSTA) STEAM is for Everyone grant awarded to CVCL's Children's library. This project is supported by the Arizona State Library, Archives & Public Records, a division of the Secretary of State, with federal funds from the Institute of Museum and Library Services.

Community Development
Director's Monthly Report
August 2021

Our Department's staff changes continue to evolve, with a new Code Enforcement Officer, Anthony Apodaca starting this month. He comes to us with 10 years of experience – we have high hopes to keep our enforcement program moving forward for the community's benefit! Kimberly is starting her training as Plans Examiner and BJ is starting training for Zoning Inspector, both while still assisting with Permit Technician duties. Jon continues to handle building permit inspections, helping with plan reviews, and performing safety inspections. He is also always ready to help out with any other task we throw at him in the office. Roxanne has jumped into her new role as Chief Building Official and has been well received by staff and contractors alike!

We are still in the search and selection mode for Community Development Director, Senior Planner, and two Permit Technicians. We have to have these positions filled within the next several weeks.

The August permits came in at 45 this month. Out of these, there were 11 commercial permits which included new signage, grading for Wee Hollow subdivision, and improvements for the Verde River Bend medical marijuana cultivation site on Industrial Drive. Land Use permits included the Final Plat submittal for Salt Mine Ranches, a Temporary Use Permit for an RV and extension of a TUP for Out of Africa's Glamping site, and 2 Minor Land Division applications. The Director has also been working with BJ with follow up on zoning clearance preparation and inspections, pre-development inspections, addressing/street naming, and land use applications.

New code enforcement requests were 10 for August. Of those, 4 have been closed already, with 2 unfounded and 2 successfully resolved. There are 37 open cases pending resolution and 8 that are in prosecution status. The Director is now working with Anthony on follow up on these issues. He has been given instructions to do proactive enforcement for the vacant parcels in town that have become overgrown due to rainfall. He will notify the property owners first requesting action. Abatement will follow as needed, in order to control potential fire hazards in the near future.

This month the Director also had these meetings:

- One Council meeting; received approval to pursue a new annexation request at the end of Middle Verde Road.
- There were no Planning & Zoning Commission meetings this month.
- One Department Team meeting.
- Discussion with new owner of the former Verde Café site to move Moscato's.
- Discussion regarding the relocation of the horseback riding venue, with glamping.
- Discussions with multiple business owners regarding new signs or replacements.
- Discussions regarding irrigation services within Equestrian Estates and Rio Verde Ranches.
- Investigation of trespassing issues along West Clear Creek off Sparkling Lane.

The Planning & Zoning Commission still has one vacancy. If anyone expresses interest in volunteering for a Town board or commission, please have them contact us directly!
